

## OPSÆTNING AF IDENTITET OG SIGNATUR I INFOSERV WEBMAIL

### STEP 1

Log ind i webmailen:

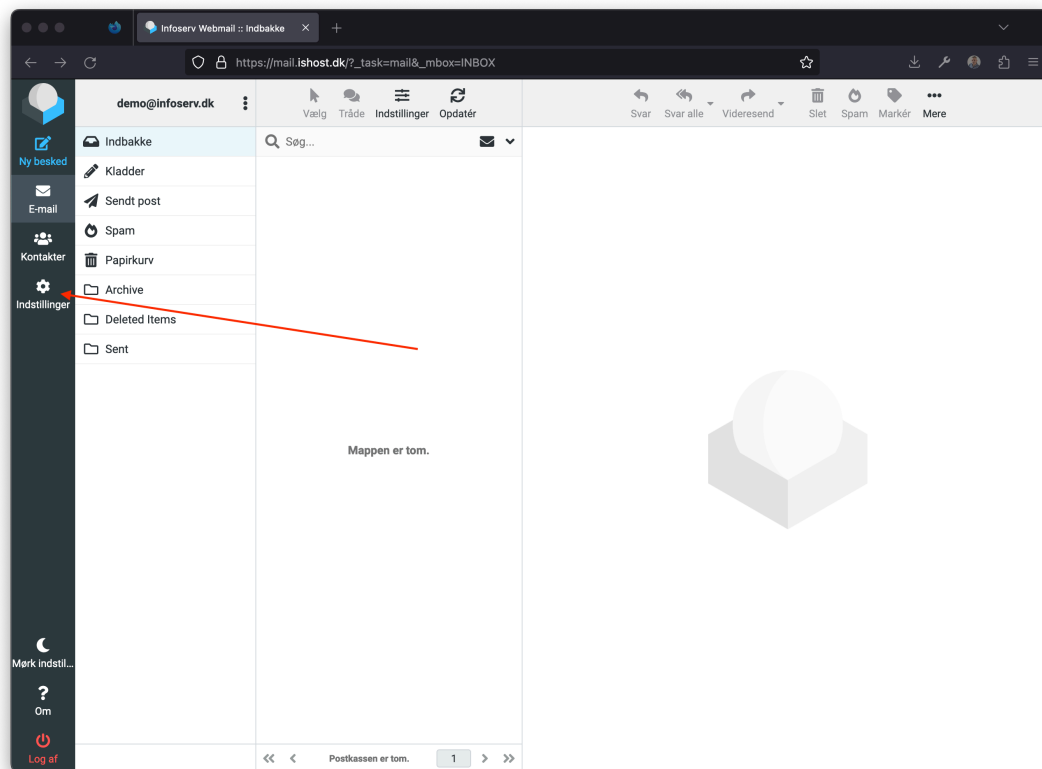

<https://mail.ishost.dk>

Det brugernavn er din fulde e-mail adresse. Hvis du ikke har din adgangskode, skal du kontakte Infoserv.

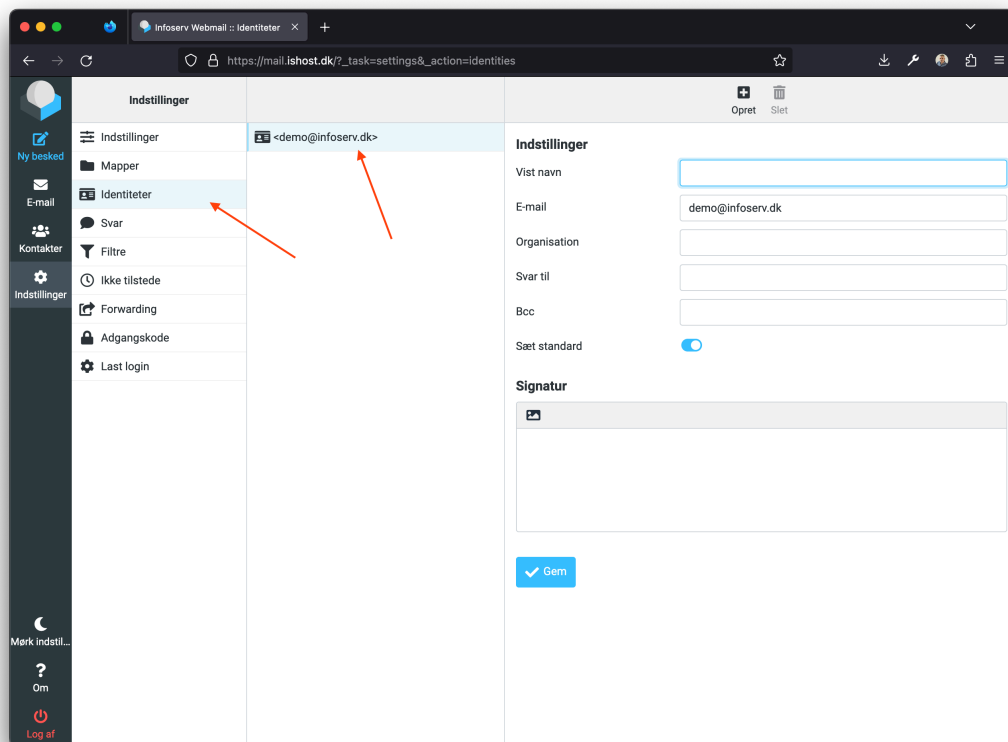

## STEP 2

Du er nu logget ind i webmailen.  
Klik nu på "Indstillinger" i menuen til venstre.

### STEP 3

Klik på "Identiteter" i menuen.

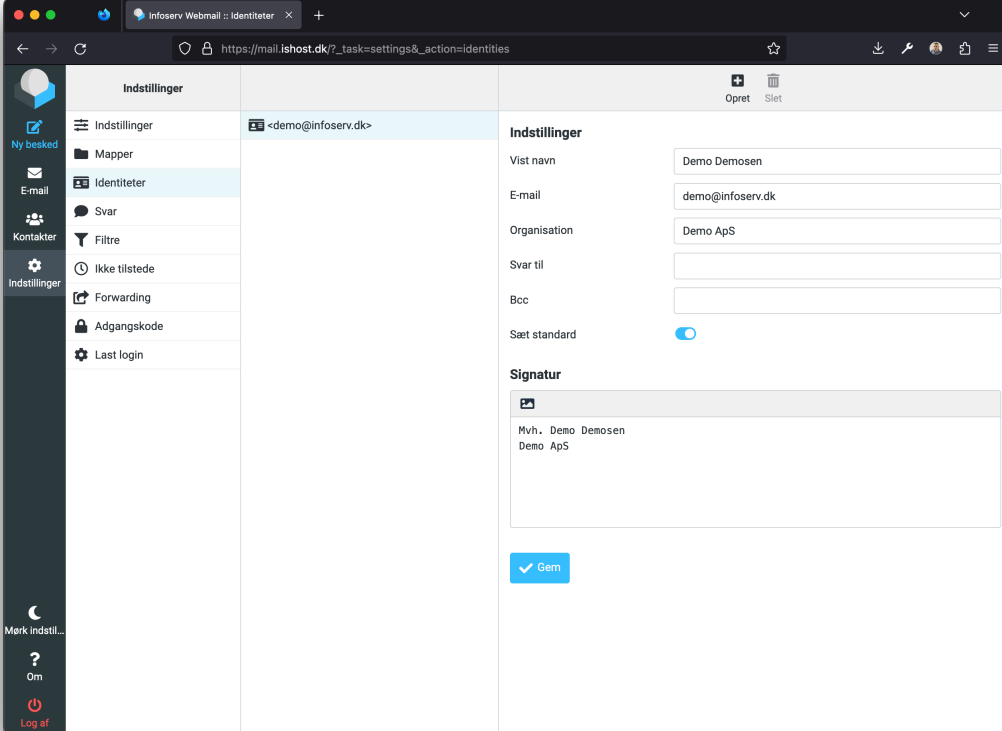

## STEP 4

Udfyld felterne.

Klik "Gem".

Herefter er signatur og identitet opsat.

The screenshot shows the 'Indstillinger' (Settings) page for identities in the Infoserv Webmail interface. The browser address bar shows the URL: `https://mail.ishost.dk/?_task=settings&_action=identities`. The left sidebar contains navigation links: 'Ny besked', 'E-mail', 'Kontakter', 'Indstillinger' (selected), 'Mærk indstill...', '? Om', and 'Log af'. The main content area is divided into two columns. The left column lists settings categories: 'Indstillinger', 'Mapper', 'Identiteter' (selected), 'Svar', 'Filtre', 'Ikke tilstede', 'Forwarding', 'Adgangskode', and 'Last login'. The right column displays the 'Indstillinger' (Settings) for the selected identity, '<demo@infoserv.dk>'. It includes fields for 'Vist navn' (Demo Demosen), 'E-mail' (demo@infoserv.dk), 'Organisation' (Demo ApS), 'Svar til', 'Bcc', and a 'Sæt standard' toggle switch. Below these is the 'Signatur' (Signature) section, which shows a preview of the signature: 'Mvh., Demo Demosen' and 'Demo ApS'. A blue 'Gem' (Save) button is located at the bottom of the settings area.
